

BLUE TIDE

Dory,
I can hardly sign your yearbook without being nostalgic. I think that all that we've been through, good and bad, will be beneficial to our lives in becoming the people we want to be. This is the time we look at ourselves and say wow things have changed. It's been a long time Dory and each year goes by things change, we learn, we grow up, and then we change. I don't think it will ever stop. I look at this year as an end but it's not really the end at all. I don't really think there's an end. From buying disco records and 16 magazines to our first boyfriend, to getting our license and the car on Friday night, to going to school dances, cruising around, getting tanned boots, getting drunk on BEER, CRUSHES that crush us, when will it end? We have been through much more important things that have changed us and influenced our lives. They are decisions we've had to make that have helped us also to grow and learn. I think Jeff and Chris have given us so much that we should always be grateful for. Dory, like you've always said, a person can never forget his first love. I know I never will. Well anyway we've both realized that we aren't little kids anymore. It's kinda sad, it was fun being innocent little, naive, sixteen year olds - and can you believe it was only a year ago. We were so dumb but we've learned so much. I'm getting tacky but I've said what I wanted to say. I'll never forget you, or the things that we have shared. I wish you happiness always and a player that we get through our final year. Love Ann

BLUE TIDE

1976 - 1977

This is just the beginning . . .
but there have been many beginnings . . .
and there will be many more . . .

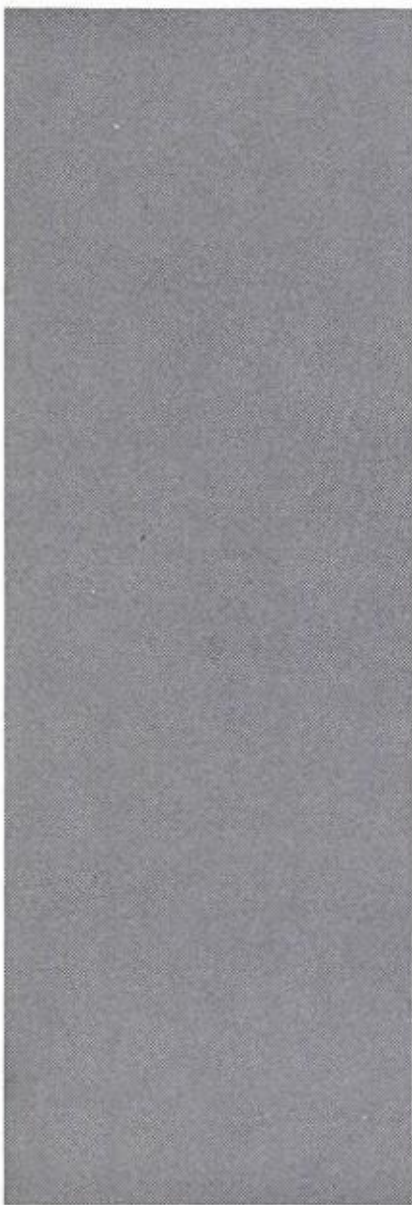

"The sun rises, the sun sets; then to its place it speeds and there it rises. No man can say that eyes have not had enough of seeing, ears their full of hearing. What was will be again; what has been done will be done again; and there is nothing new under the sun."

Ecclesiastes prologue
Lines 4-10

CHURCH SERVICES

The Church- an integral part of our lives. Many hours are spent there in public worship and in the celebration of special occasions. But the church is also a place we can go for spiritual guidance or quiet contemplation. Whether we go alone or with friends the church is a quiet sanctuary where we are always welcome.

CHRISTIAN SERVICE

CHRISTIAN SERVICE. Christian Service volunteers participated in many activities at Gard School this year. They assisted teachers in classroom activities or worked with students on a one-to-one basis. The volunteer also taught swimming to the students at the YMCA.

The highlight of the year was their involvement in the Special Olympics, held for the handicapped children of the community at Dickenson Stadium in early May.

1976-1977 was marked by the most illustrious and successful plays ever presented at LMCHS. The year began with the outstanding "Arsenic and Old Lace", followed by a sparkling production of "The Sound of Music". Many activities followed, including one-act plays, and participation in Forensics.

Yet the theatrical season did not end here. "You're A Good Man, Charlie Brown" was presented near the end of the academic year, and was even taken to Chicago.

BOTTOM: Mrs. Libbs, Head of Records Office, the Lunch Ladies; Mrs. Meyers, Mrs. Spear, Mrs. O'Connell, Mrs. Darato. Also Mrs. Rose and Mrs. Runge (not shown) Also not shown is Mr. Ray Jordan.

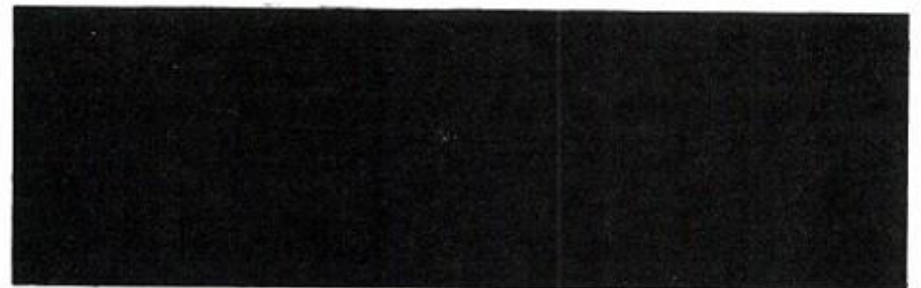

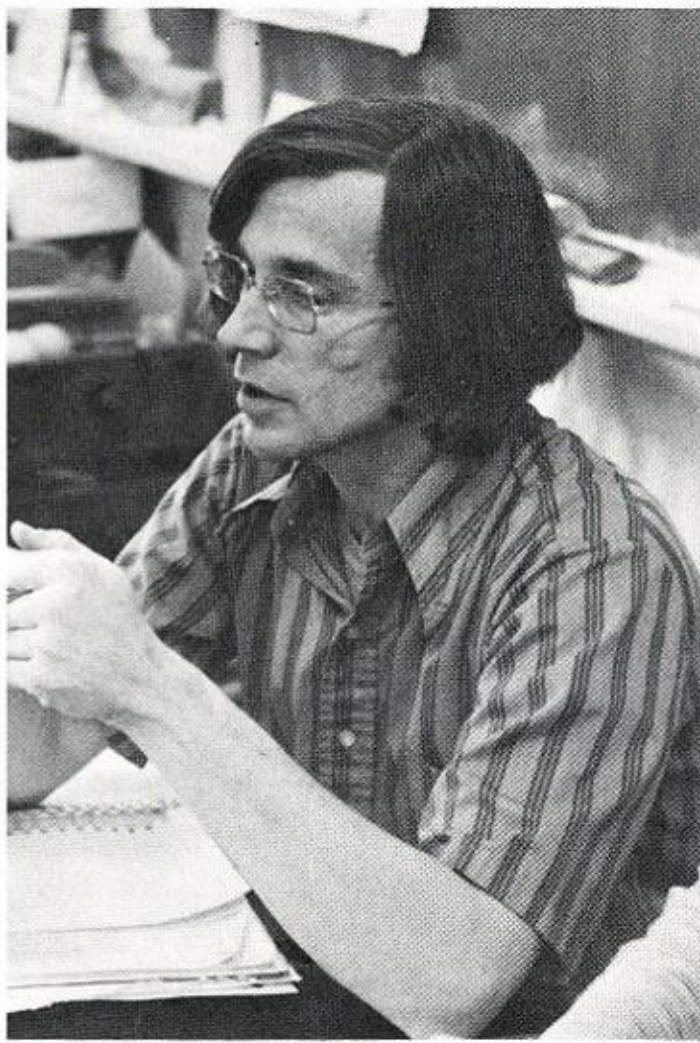

One can usually tell what season it is by walking through the gym during class. Basketball in winter, softball in spring. It's almost as accurate as a calendar.

The Physical Education Dept. is divided into two sections; boys and girls. Mr. Wayne Stefanich took the boys, and Miss Maureen Malone had the girls. Between the two of them, the students learned a few new motor skills (but some of them won't admit to it).

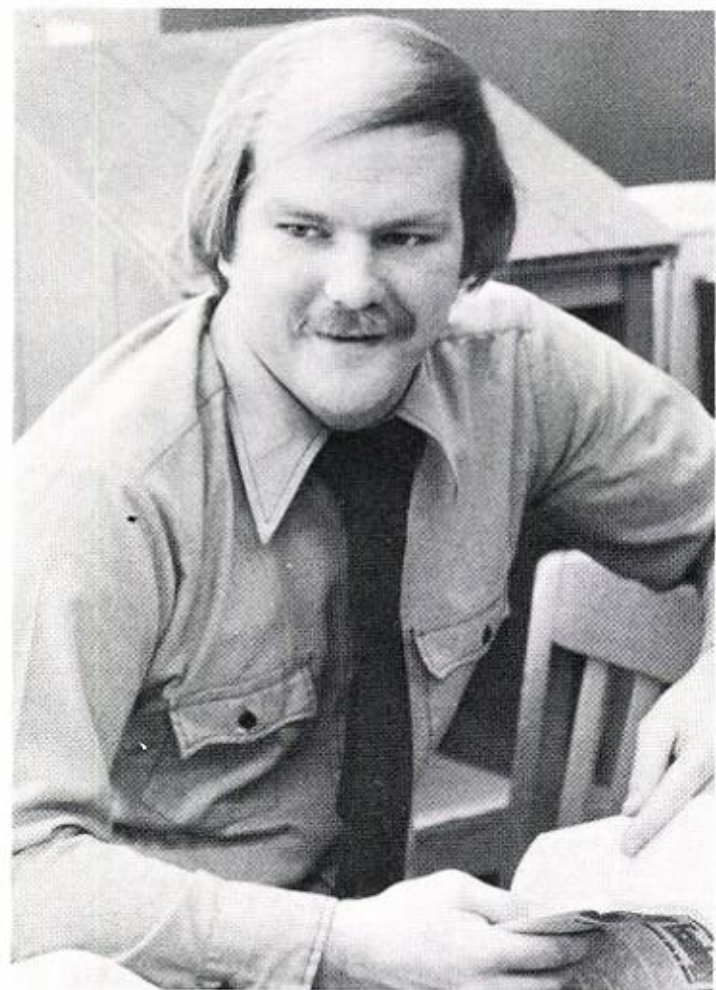

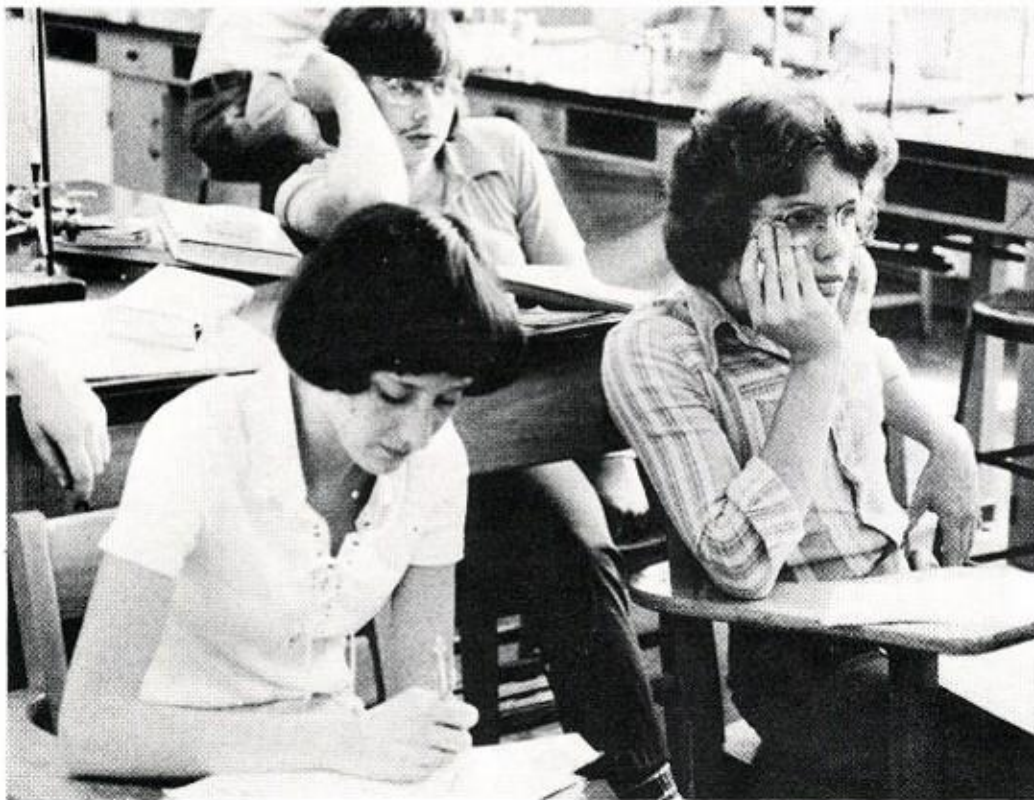

In late March to early April, Miss Beth Green, a student teacher from Western Michigan University taught the girls modern dances which included the "Hustle" and warm up exercises, all to rock music.

PHYSICAL EDUCATION

SCIENCE

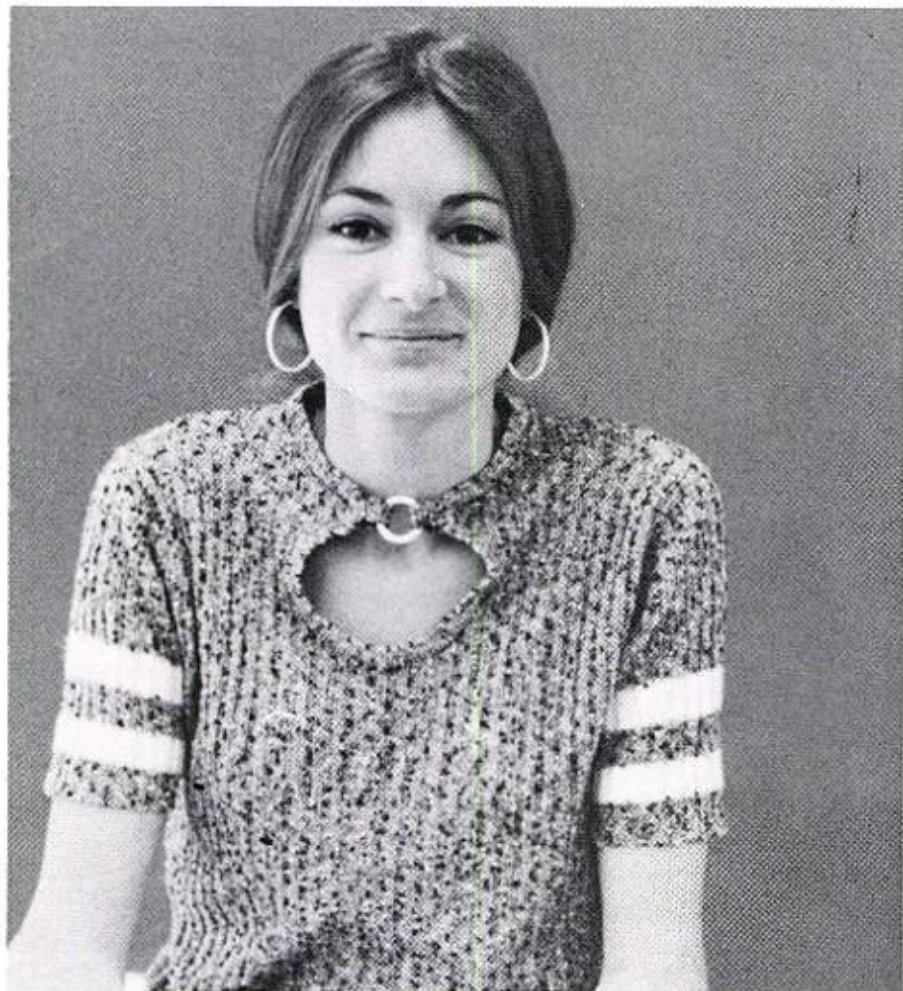

The Science classes were as intriguing as ever this year. Along with some of the olfactory unpleasantness (the sharks in Mr. K's room), the Science classes again prevailed and had its good factors for everyone involved.

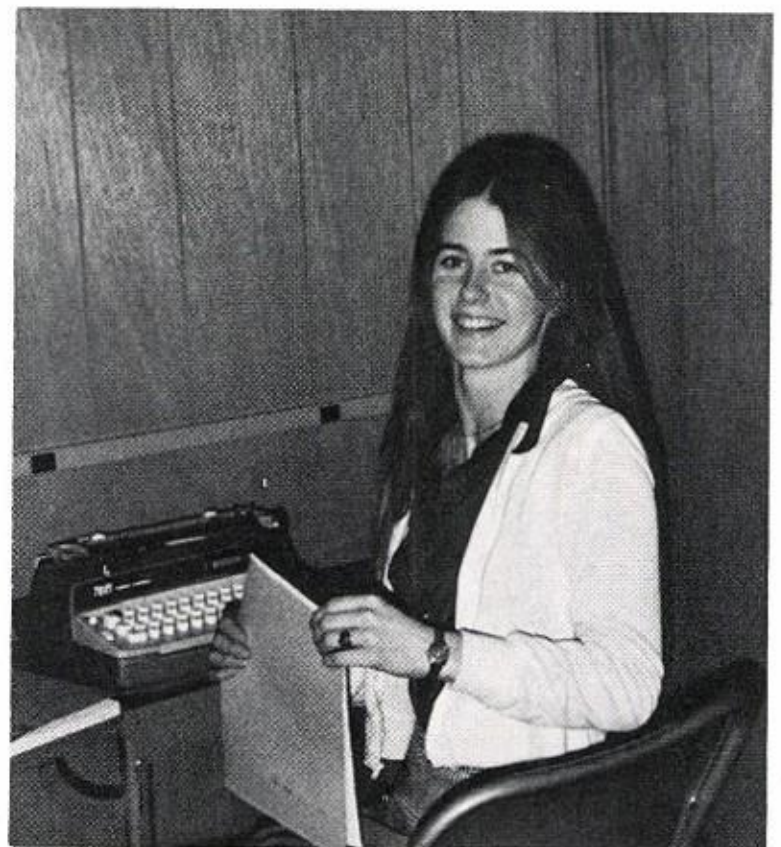

Mr. Al Kowalkowski was back this year, and taught Sophomore Biology and Advanced Biology to upperclassmen. Not everyone was able to pass his tests, but the learning of material was fun.

Frank McCauley also returned, teaching Physical Science, Chemistry, Physics, and other "good" things of a scientific nature. With his patience and knowledge, he bestowed upon a great many students a learning experience that they will not forget for a long time.

The field of science is a fascinating world with many different outlooks and areas. With the instructors here at LMC, you can get a basic knowledge of a lot of things which could benefit one's future.

BUSINESS

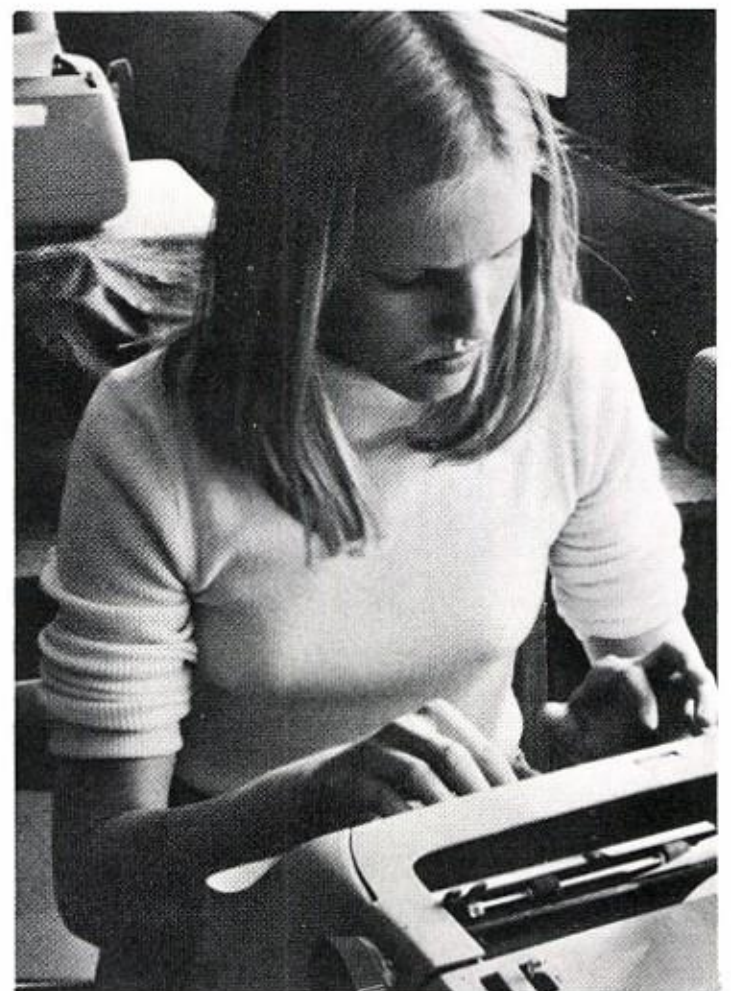

When a person speaks of business, you can get a lot of various ideas, from self-employment, to secretarial work, to telephone soliciting.

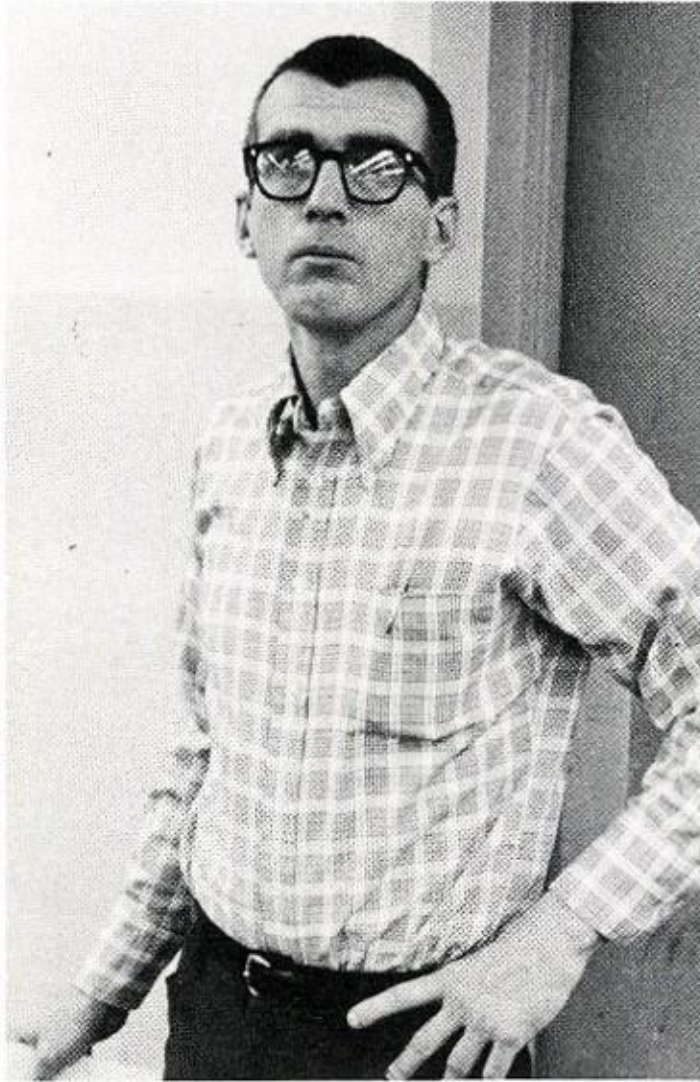

The Business Dept. received two new people, not to mention the returning instructors. One of the new faces was Miss Maureen Malone. Miss Malone taught Accounting. In addition, not connected with Business, she taught Freshmen and Sophomore P.E., and Freshmen girls Health.

The other new addition was Miss Paula McCormick (shown). She taught all typing and shorthand classes. Also Business Law. To both new teachers we wish them the best of luck at LMCHS.

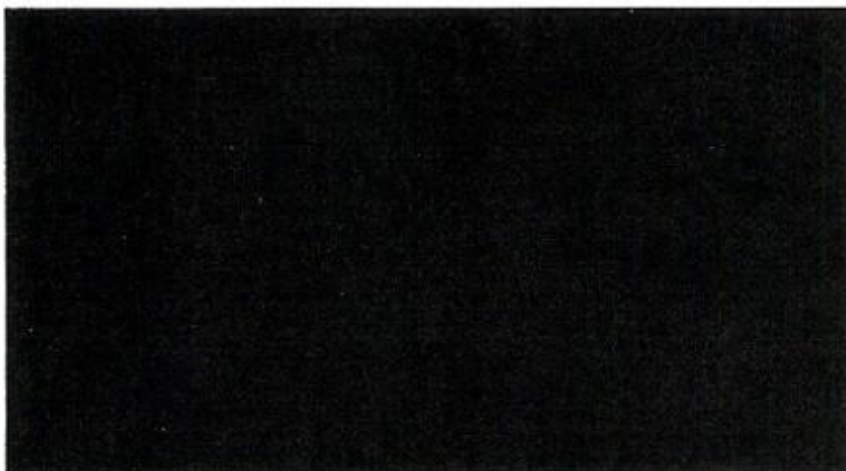

Among the returning people was Mr. Will McRae who also taught Business Law.

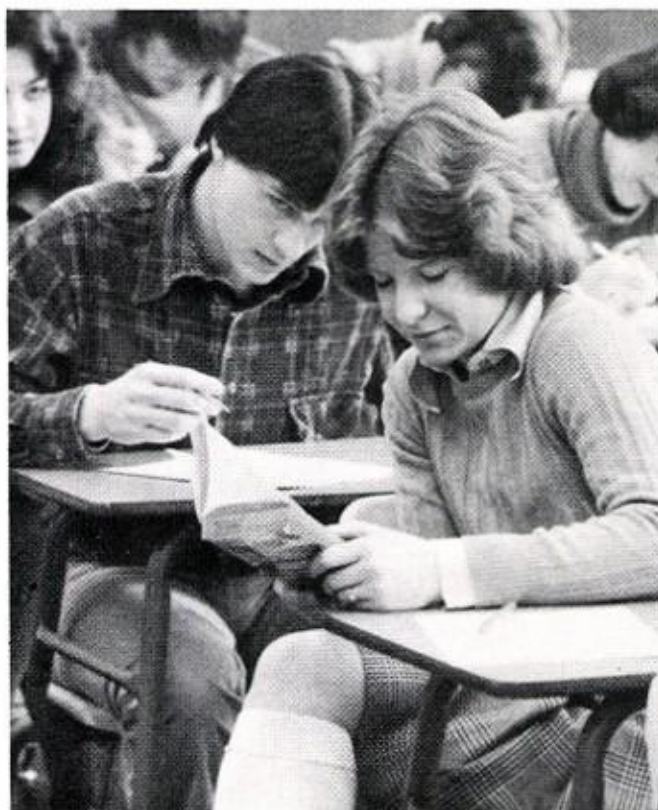

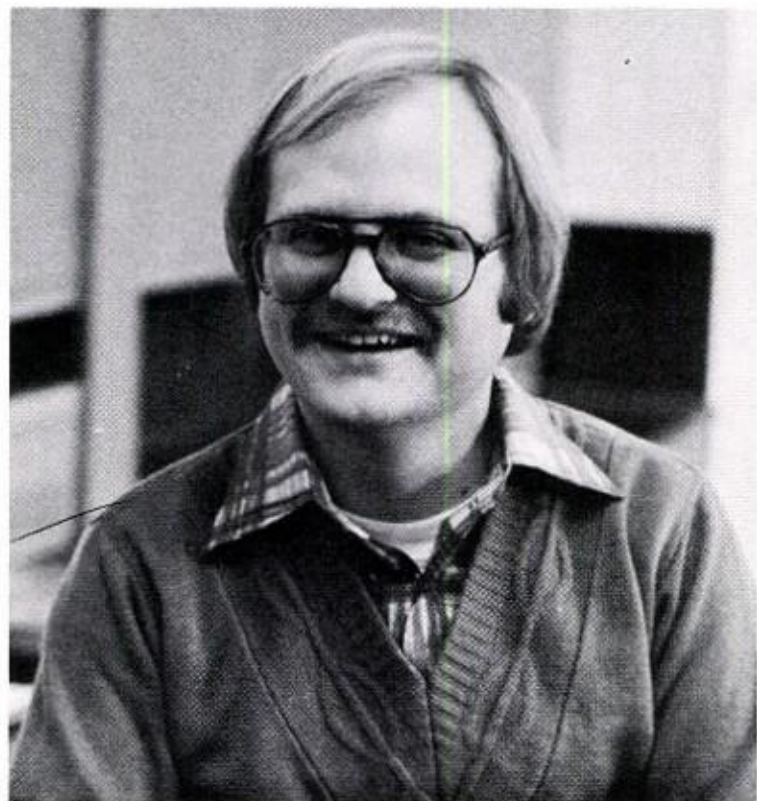

DRAFTING

ART

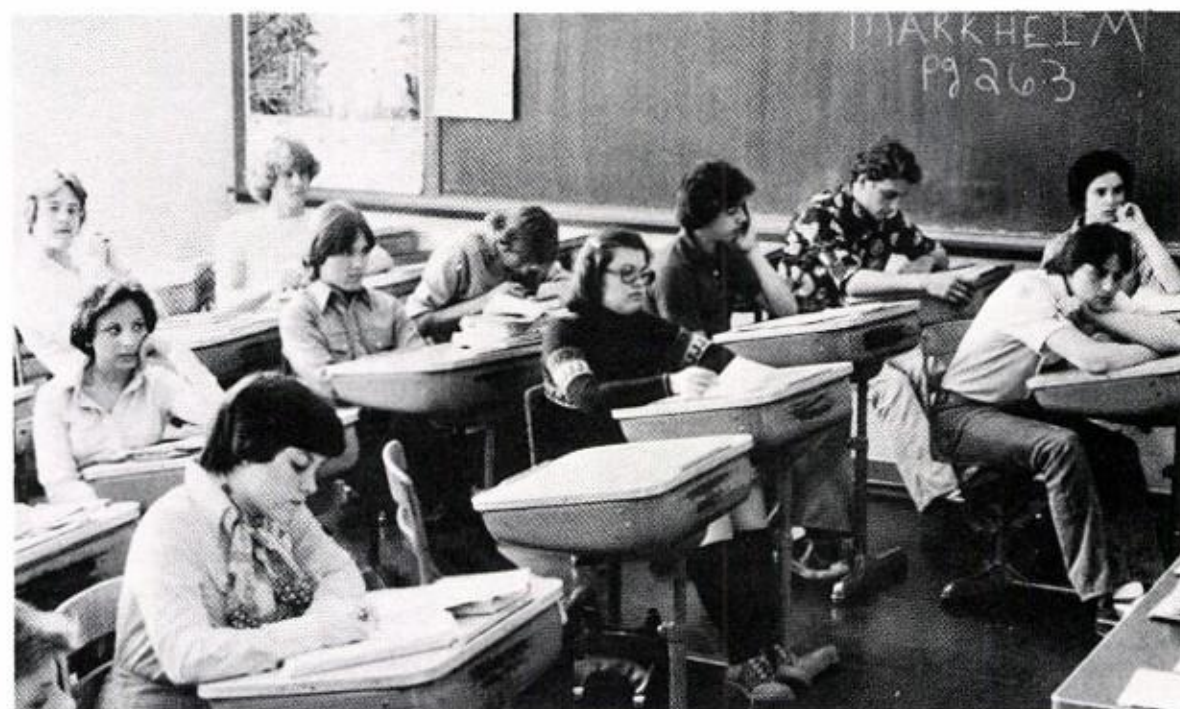

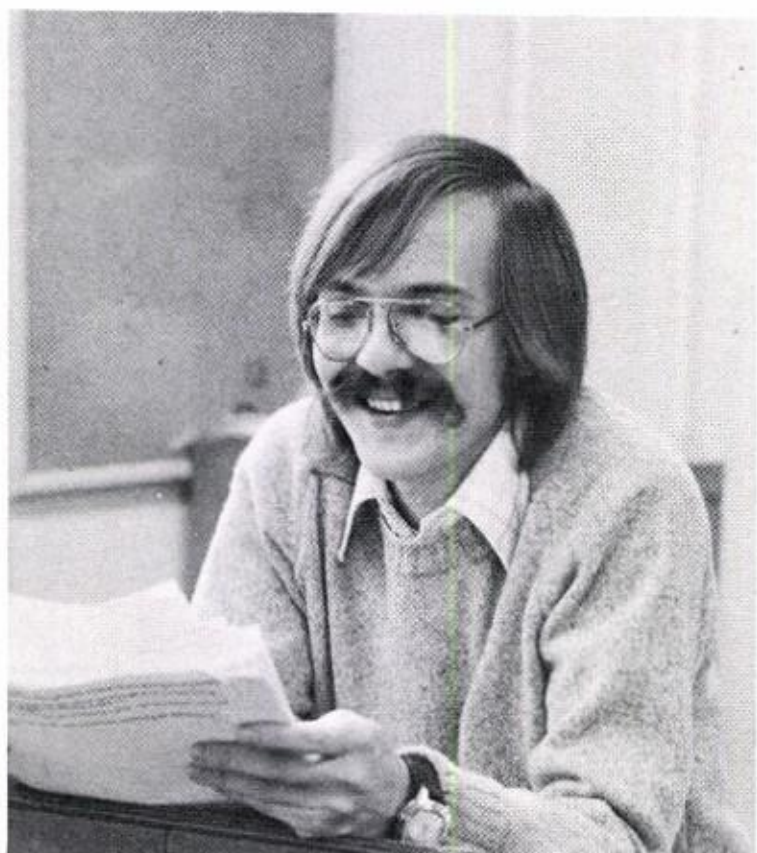

ENGLISH

Literature, grammar, authors, the list of topics goes on. These are just a few of the areas touched upon by the English Dept. Staff. The people on the staff are highly qualified and know what they teach.

Among the teachers of English instruction are Mr. Tom Gazella, Mr. Bill Glynn, Sr. Marie Gerald, and Mrs. Margaret Howard. With their individual know-how, a great many things were completed in their classes.

Time passed, and a few things were bigger and better. Remember Sophomores Mr. Gazella's (4th Hr.) masterpiece exam for "Julius Caesar"? The teacher takes pride in what they teach, and hope the students take pride in what they learn.

MATH

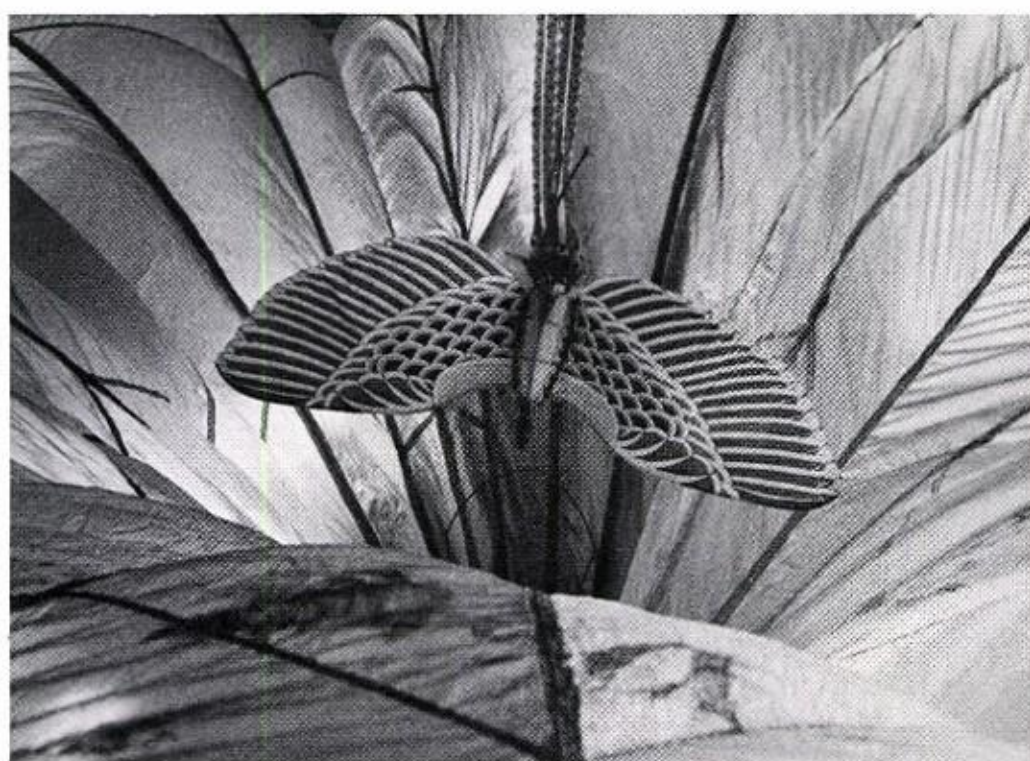

Mathematics is one of the subjects offered in high school which is often mandatory to enter college. For the Freshman (primarily), there was Mrs. Carol Dulske teaching Algebra I. For more advanced students, there was Geometry and Algebra II/Trigonometry taught by Mrs. Kowalkowski, and Math VI taught by Frank McCauley. Dave McCauley taught Applied Math.

Many students will tell you not to take math; it will kill you (ask any 3rd quarter Alg. II student). But it can only help you to think better, and that can't hurt.

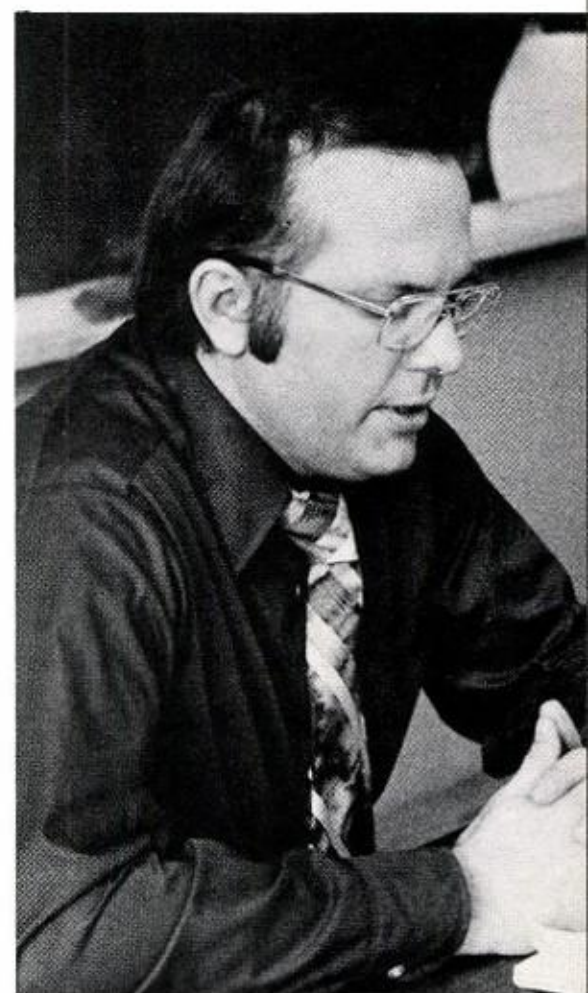

RELIGION

This was a year everybody got to know everybody else. One reason was because of the Religion Renewal Days. On these days, one religion class went to the St. Joseph Catholic Annex for a day. This was really a benefit in a world of a big lack of communication.

The Religion teachers were strung out all over the building. They included Miss Threse Fabbri, who instituted the renewal days, Mr. Joe Kramer, Mrs. Caryl Da Dan, Mr. Wayne Stefanich, Mr. Terry Rose, and Sr. Marie Gerald.

Religion is an enrichment of the soul, and the various teachers brought this about in many ways.

CHORAL

FRONT, LEFT TO RIGHT: Sharon Appel, Heather Boon, Lynn Marzke, Kim Scott, Crystal Henry, Ann Gentry, Steve Park, Gary Claeys, Tena White, Jayne Larson, Erin McCrone, Laura Cieber, Tonia Craddock, Sue Brukholtz, Mary Ellen Totzke. **SECOND ROW:** Kathleen O'Connell, Joyce Patrick, Val Sims, Nancy Hettinger, John Spear, George Schueneman, Ron Maddux, Shari Robinson, Chris Bovo, Celeste Scott. **BACK ROW:** Dede Landeck, Lisa Da Dan, Val Honstien, Mary Helen Lehman, Michelle Royals, Lisa DuCree, Carole Postelli, Patti Sila, Karen Bass, Linda Lemieux, Cathy Forestieri, Starla Kanyuh.

To this year's Choral, a few new voices were added, one of them being its new director, Mr. Donald Kometz. With this new "voice", many new ideas, both creative and inspirational, blossomed, enhancing the already superior quality sound from the Choral. We wish him luck with his future career, wherever it may take him.

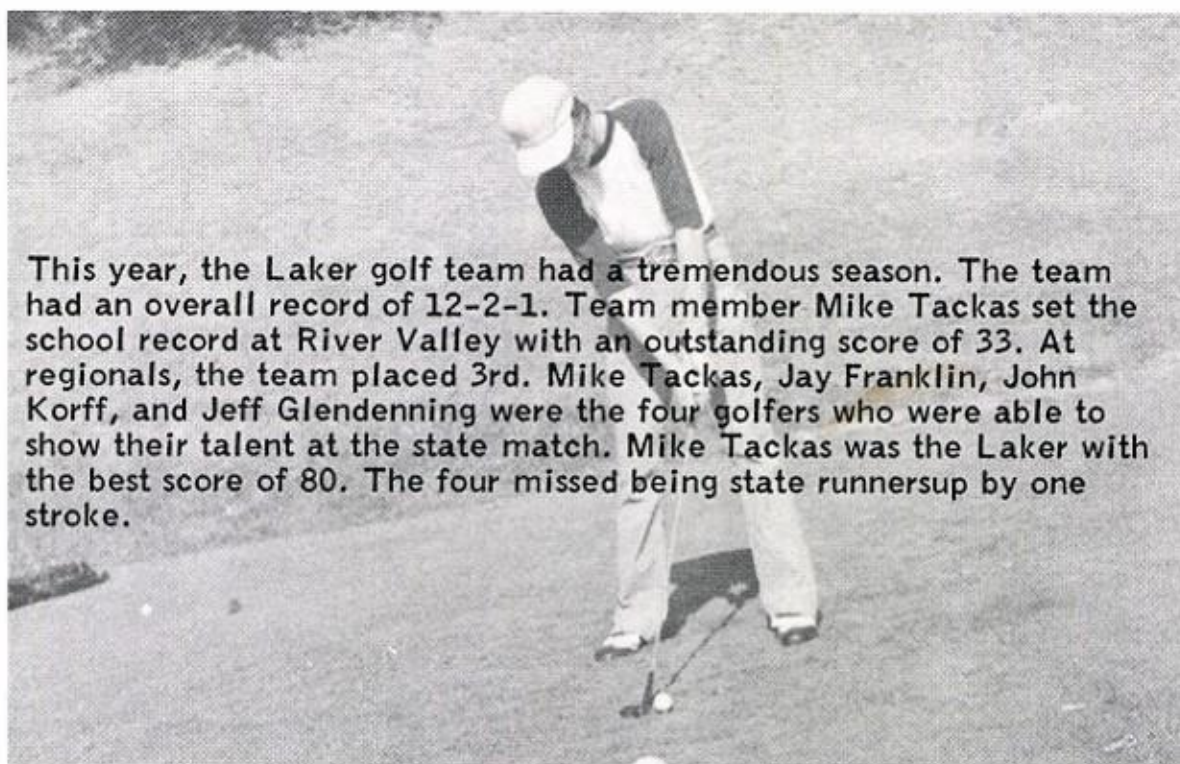

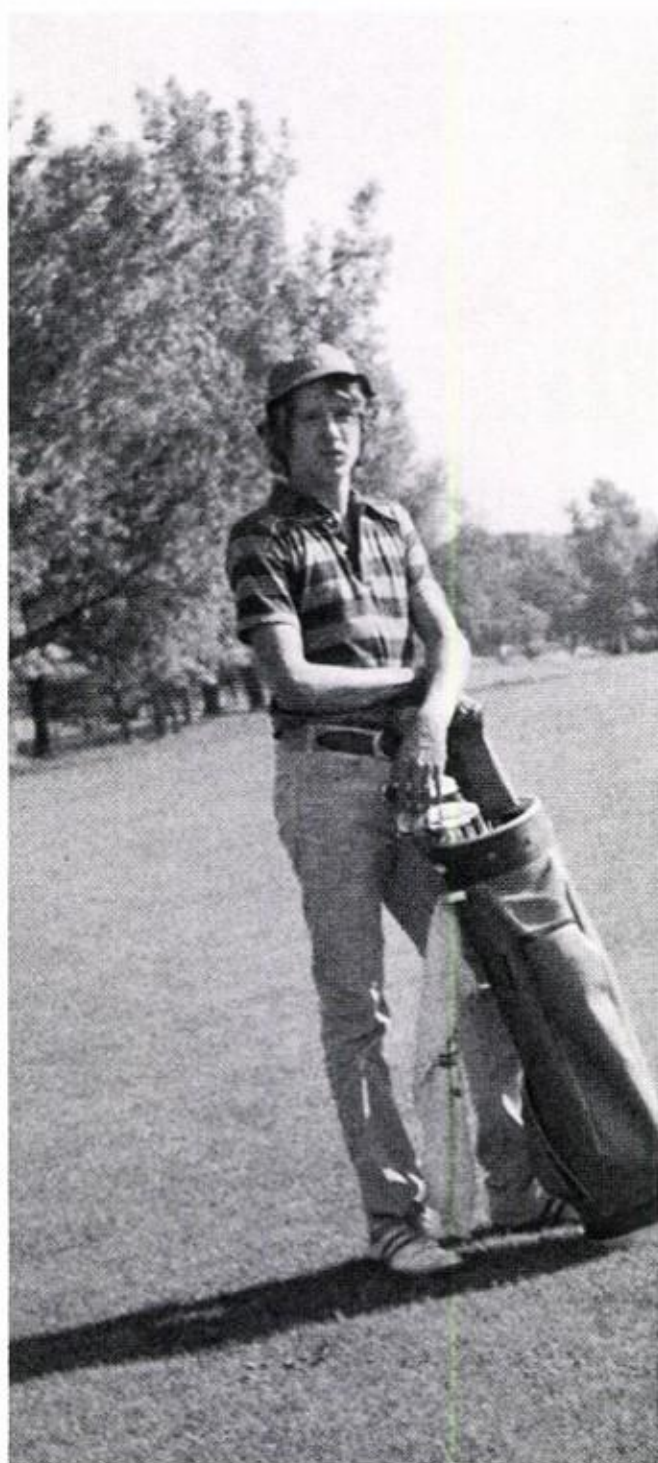

FALL

GOLF

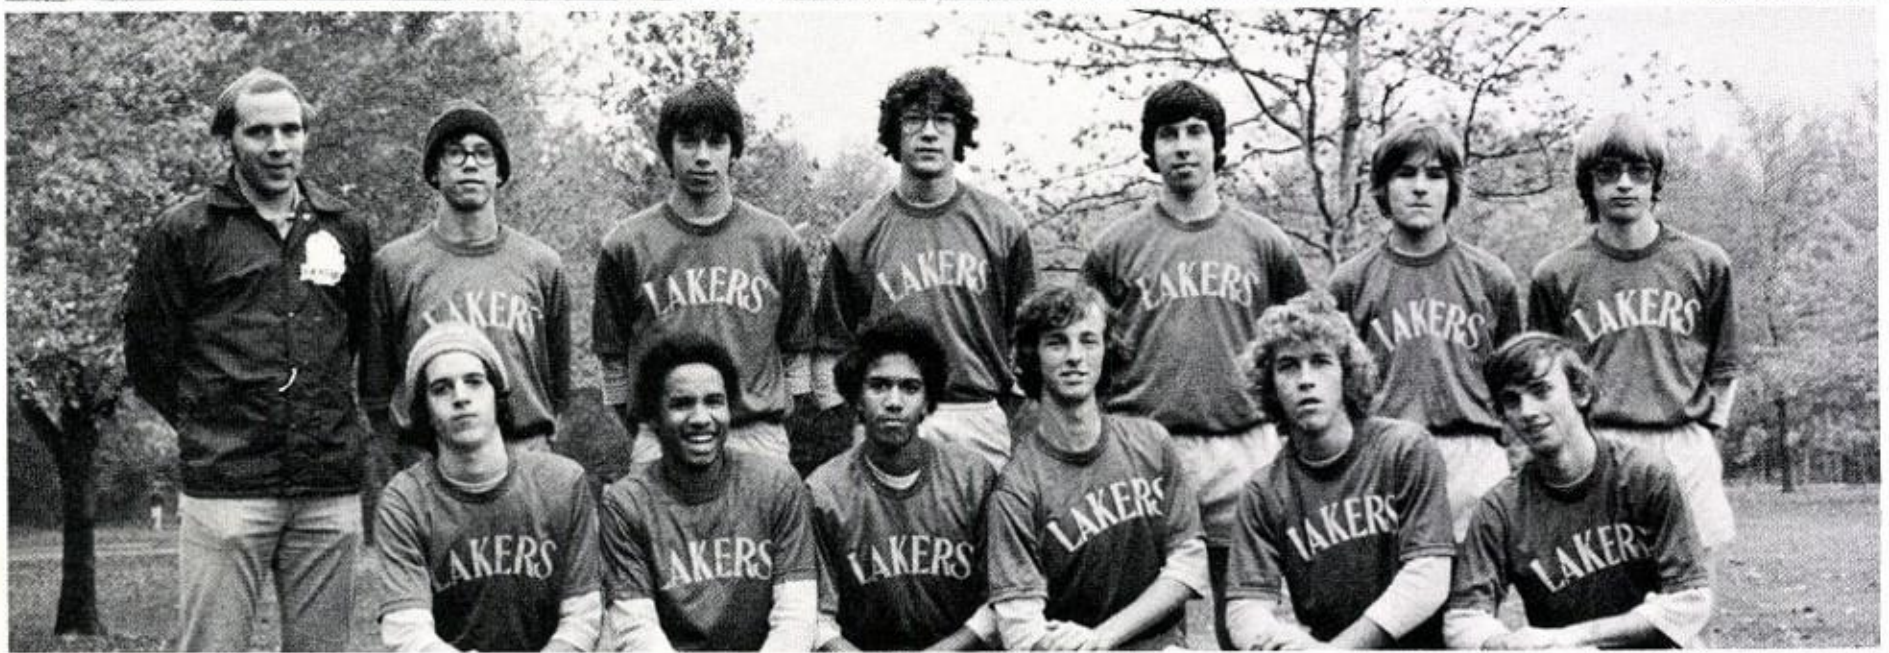

L to R: Tim Sewcyck, Paul Stoffle, John Korff, Ed Kiewel, Jay Franklin, Bruce Conybeare.

This year, the Laker golf team had a tremendous season. The team had an overall record of 12-2-1. Team member Mike Tackas set the school record at River Valley with an outstanding score of 33. At regionals, the team placed 3rd. Mike Tackas, Jay Franklin, John Korff, and Jeff Glendenning were the four golfers who were able to show their talent at the state match. Mike Tackas was the Laker with the best score of 80. The four missed being state runnersup by one stroke.

CROSSCOUNTRY '76

This year's Laker runners did a tremendous job. Placing 2nd in the Conference allowed them to run in the Regionals where they placed 5th. In the Conference meet, senior Tim Gentry set a Red Arrow Course record of 15.42. He also went to state and placed 5th in Class C Individual Race, the best any Laker runner has ever done.

This year, under the direction of Head Coach Terry Rose, the Varsity football team executed a fairly respectable season, despite the hinderances of injuries to major players, very cold weather, and mud. Aside from these, the Lakers finished with a 5-4 record overall, and 4-3 in the conference, tying for fourth place in the league.

But the season was not a total disappointment for the Lakers. Senior Gary Bartalone was a key player on offense. He rushed for a total of 1,344 yds, averaging 6.9 yds. per carry. These remarkable achievement broke the school record, which was set by Micky Ashbrook during the 1975 season. Bartalone also scored a record 13 TD's.

As a team, the Lakers, being rather inexperienced in Varsity action, averaged 224 yds. rushing and 66 yds. passing per game. They held their opponents to 188 yds. rushing and 52 yds. passing per game.

Much appreciation goes to Mr. Gary Boyce for his fine job assisting Coach Rose, THE Quarterbacks Masini and Brown for their outstanding performances, and the Laker team as a whole for their hard efforts, and for making LMC a competitive football team.

This year the Varsity girls basketball team had a tremendous season. Led by its new head coach Mr. Wayne Stefanich, the team carried a record of 17-3. Overpowering such teams as Benton Harbor, St. Joe, and Lakeshore, the girls earned the Red Arrow Championship. Senior Ann Donahue was named most valuable, along with Helen McQuillan as best offensive, Moe McCrone as best defensive, and Janell McGrath as most improved. The season proved to be a very successful for everyone.

Under the direction of a new coach, Miss Maureen Malone, the J.V. girls completed a satisfactory season with a 10-8 overall record. Returning players gained experience and poise, as did the newcomers. It is clear the Laker girls will have continued success in the foregoing seasons.

"ARSENIC AND OLD LACE"

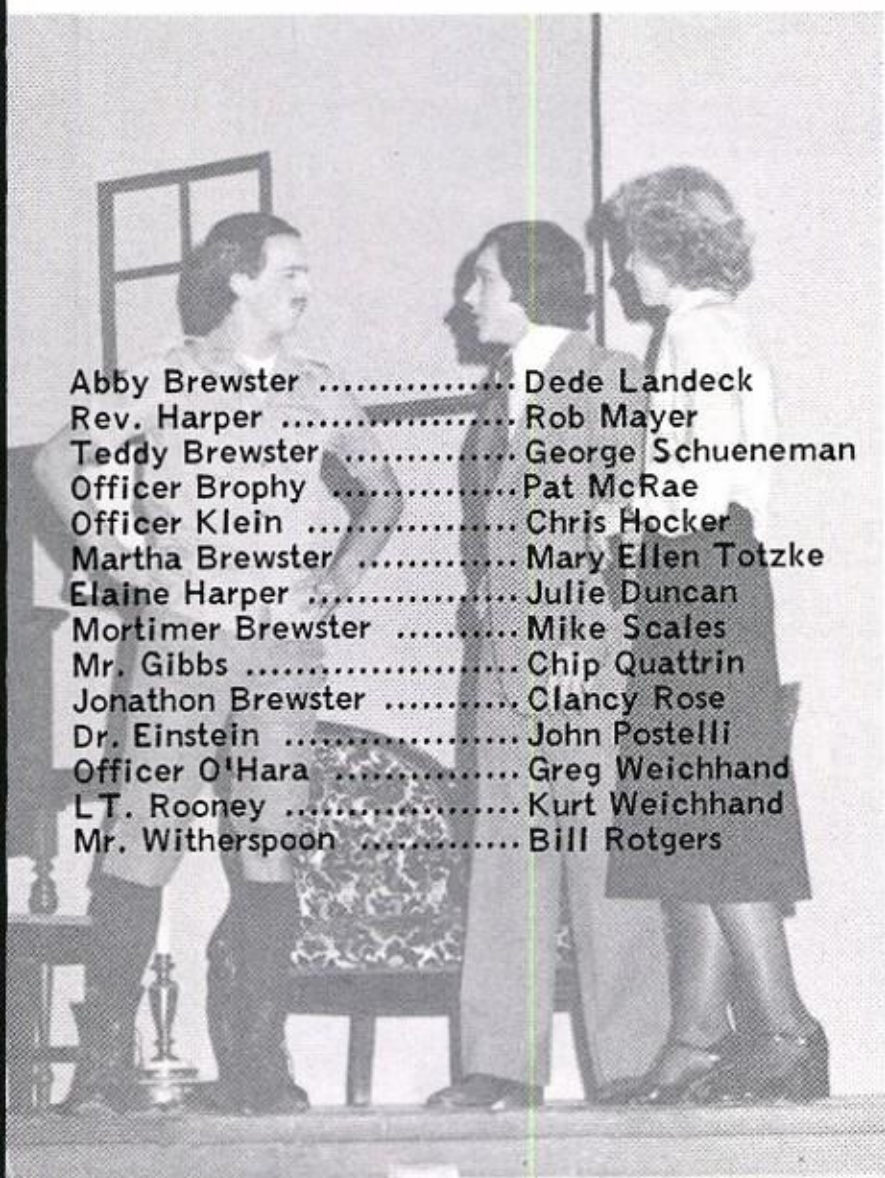

THE LMCHS DRAMA DEPT.
PRESENTS "ARSENIC AND OLD LACE"

Two little old ladies, poisoned elderberry wine and a Teddy Roosevelt look-alike all contributed to the hilarity and suspense of the annual fall play.

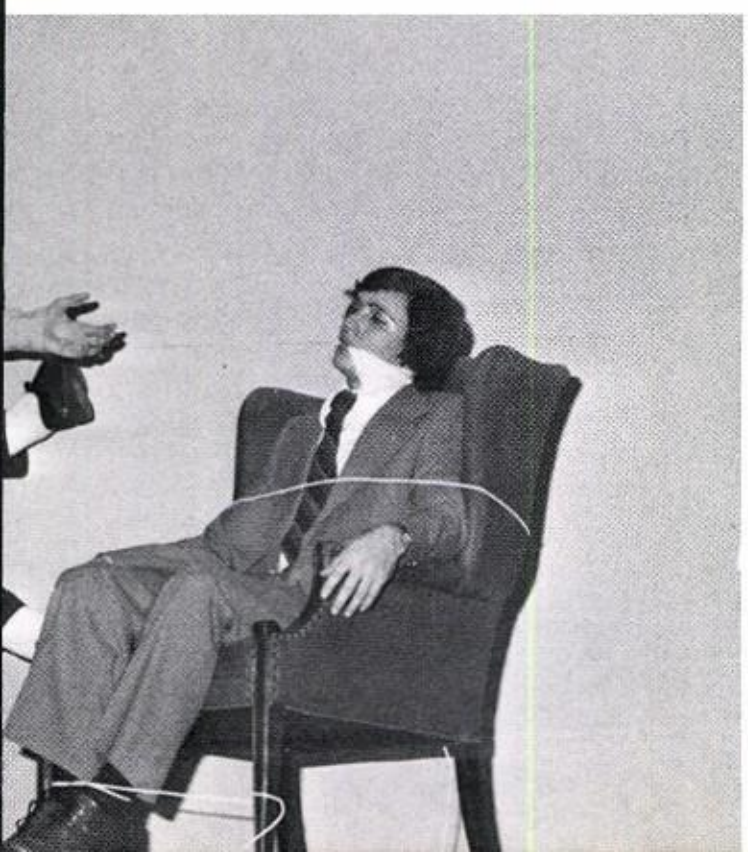

The ladies (Dede Landeck and Mary Ellen Totzke) poison old men, who are buried in the cellar by their brother (George Scheuneman). Their deeds are discovered by their nephew, who, with the help of various "characters" turn the place upside down. What ensues is pure delightful chaos which the audience ate up.

Mrs. Margaret Howard directed the play.

FRESHMAN/JV BASKETBALL

FRESHMEN. Dave Lhotka, Skip Bunton, Rob Hughes, Brian Conybeare, Pat McCourt, Mike Kalinas, Bob Story, Dave Robinson, Dan McQuillan, Pete Henderson, Jerry Visin.

The Varsity Basketball team was practically a brand new team having only two returning lettermen. Because of their newness and inexperience, the Lakers turned in an overall heartbreaking record of 2-19.

Even after their numerous defeats, the Lakers never gave up hope. With their record low scoring 18-13 win over Michigan Lutheren in mid-season (their first), this proved to the team they could win, and it really lifted the spirits of both the team and the fans.

The season was not a total disappointment for all players. Mike Masini received the Most Valuable Player and the best offensive player awards, Mike McCrone and Carmen Bovo were the most improved players, Gary Bartelone was voted best defensive player, and Tim Gentry received the Pat McMullen award.

With the returning lettermen and the upcoming J.V.'s, the Varsity should prove to have a more victorious and successful season next winter.

GIRL'S VOLLEYBALL

Under the direction of Coach Pam Herzog, both the Varsity and J.V. Volleyball teams turned out successful seasons, with a 7-14 overall and overall records, respectfully.

At the end of the season, the Varsity team went into tournaments with the addition of four(4) J.V. players, Mary Claeys, Mary Beth Borlik, Brenda Bell, and Sally Conlin, and advanced to the Pre-regionals.

Standouts on the Varsity team were Janell McGrath as the most improved player, Cindy McEwen as the most valuable player, Julie Duncan as the best spiker, and Threse Herzog as the best server and setter.

According to Coach Herzog, the J.V. team, after a slow start, built up many skills, which will prove valuable in the years to come.

WRESTLING '77

CHRISTMAS TIME

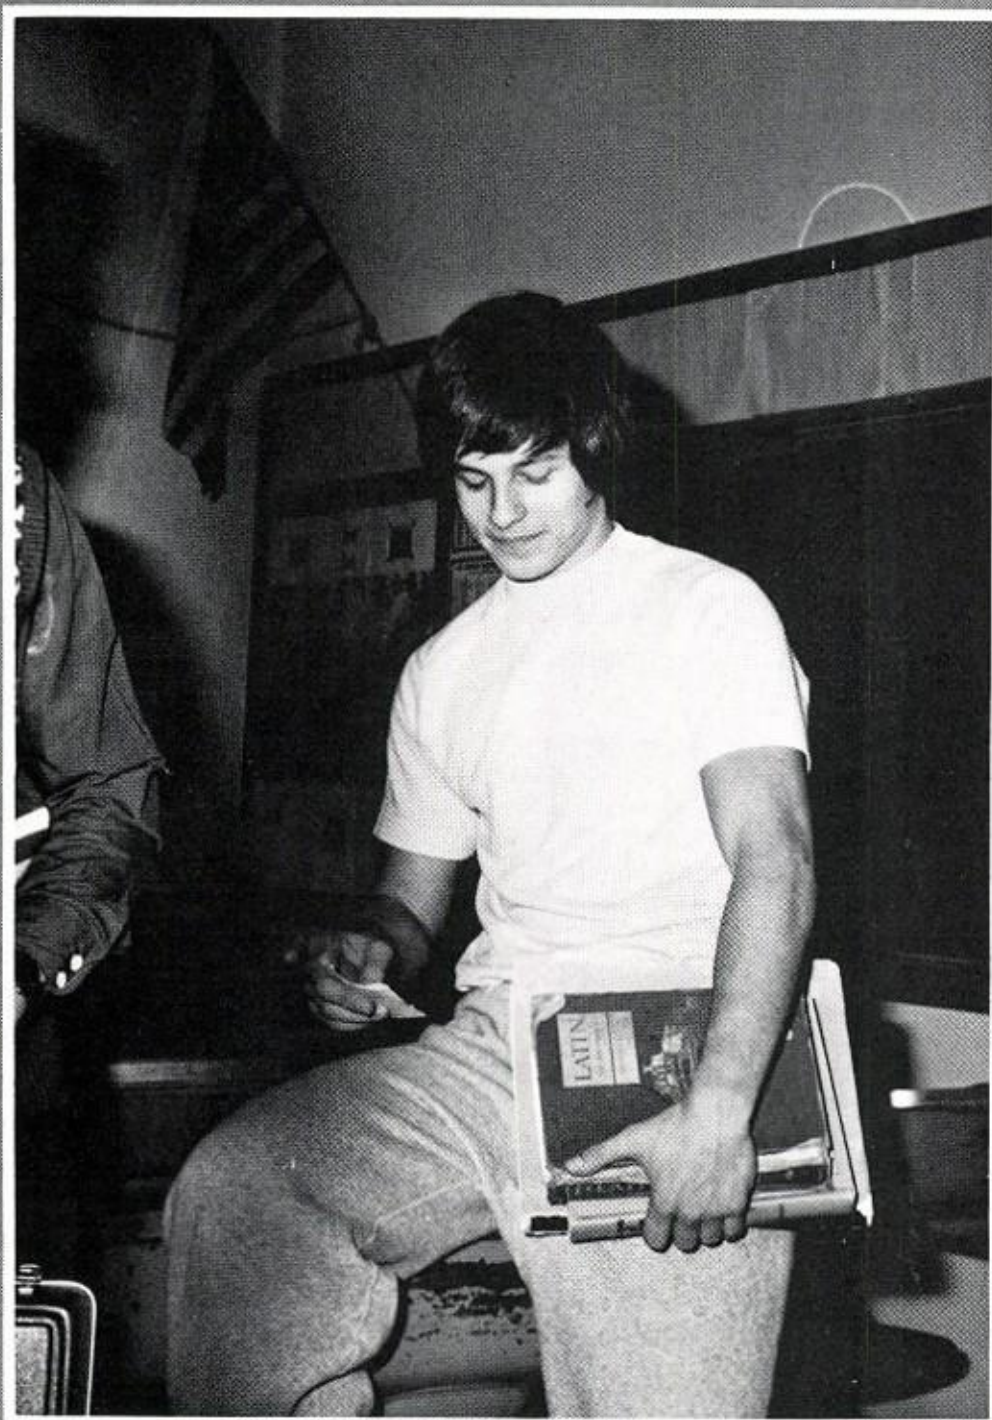

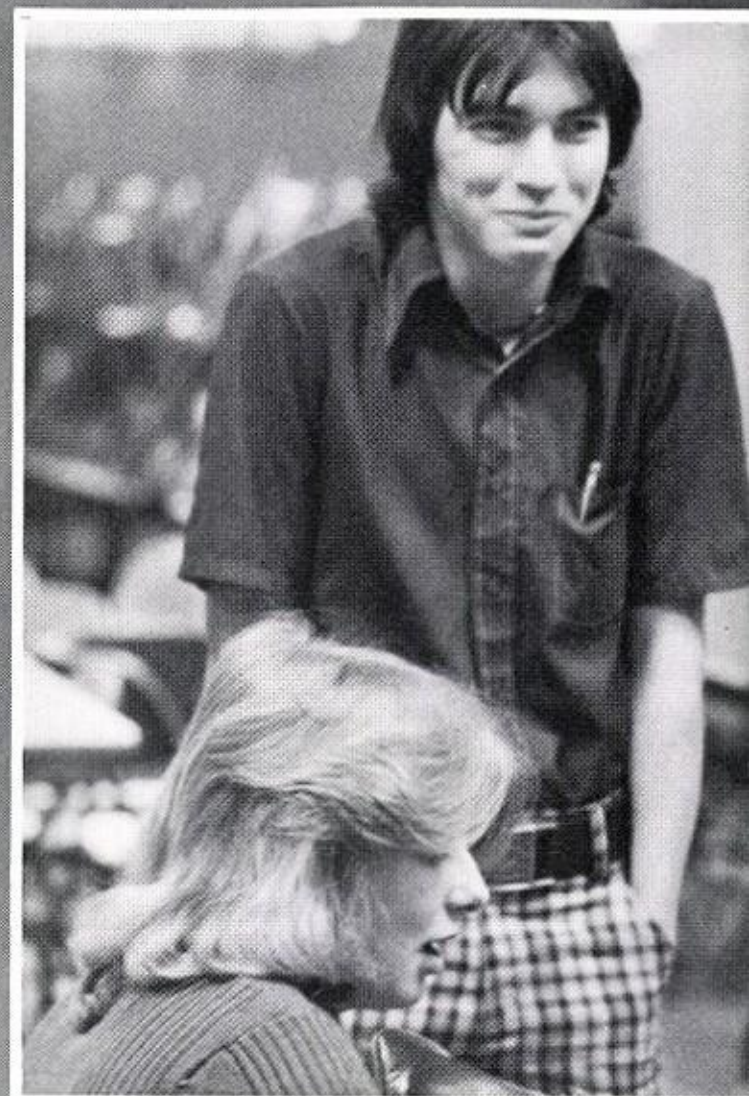

Christmas time at Lake Michigan Catholic was a "time of joy". The spirit of the season infected even the most confirmed Scrooge.

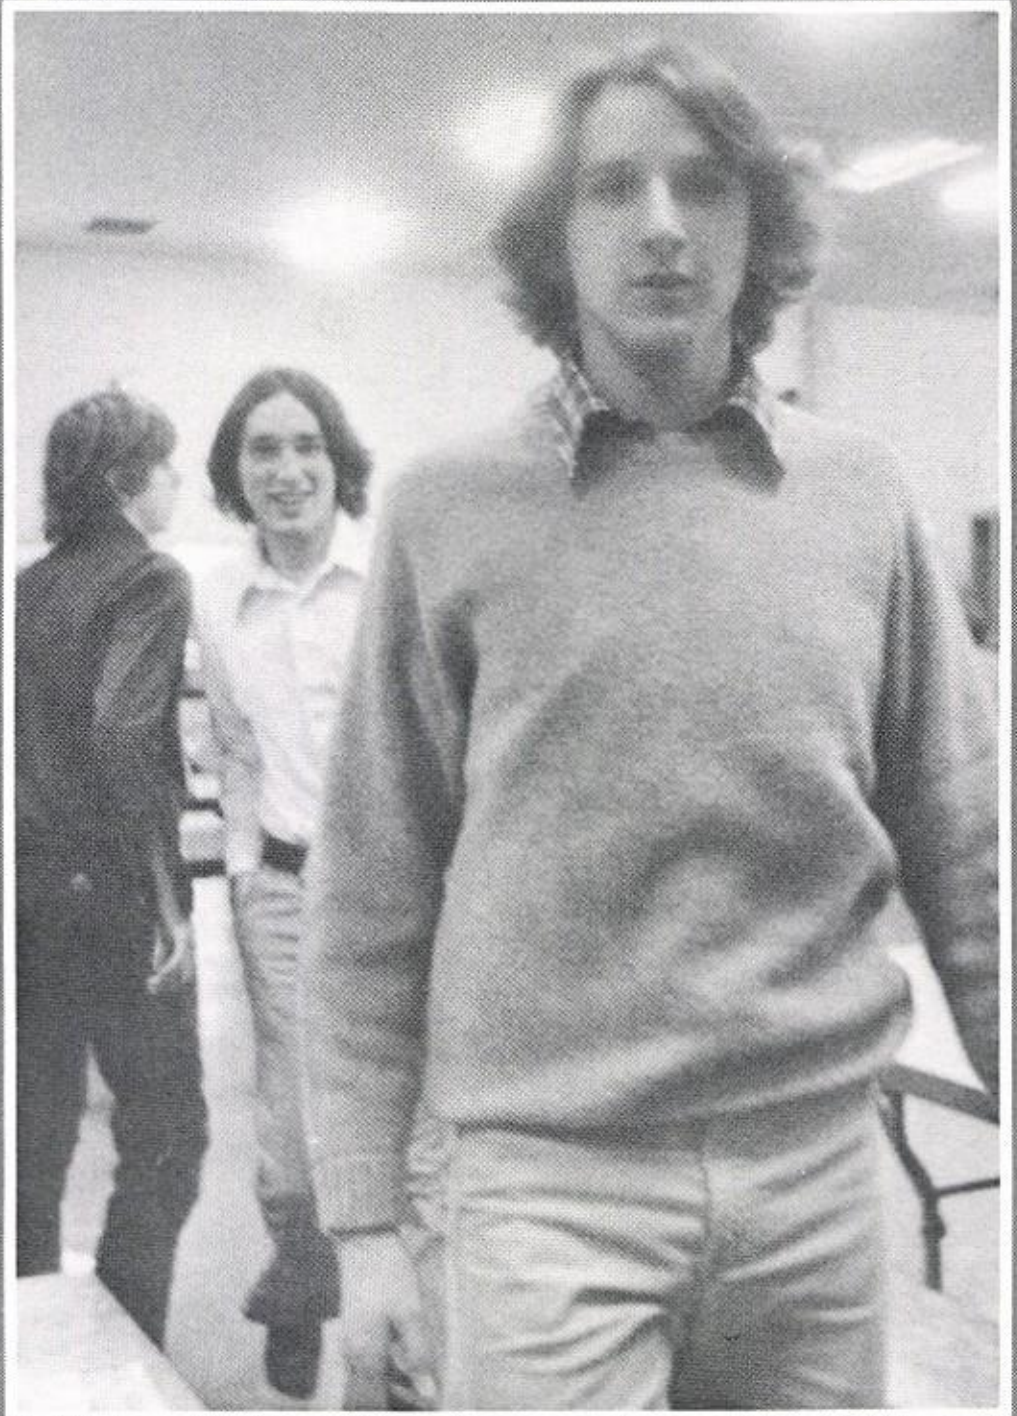

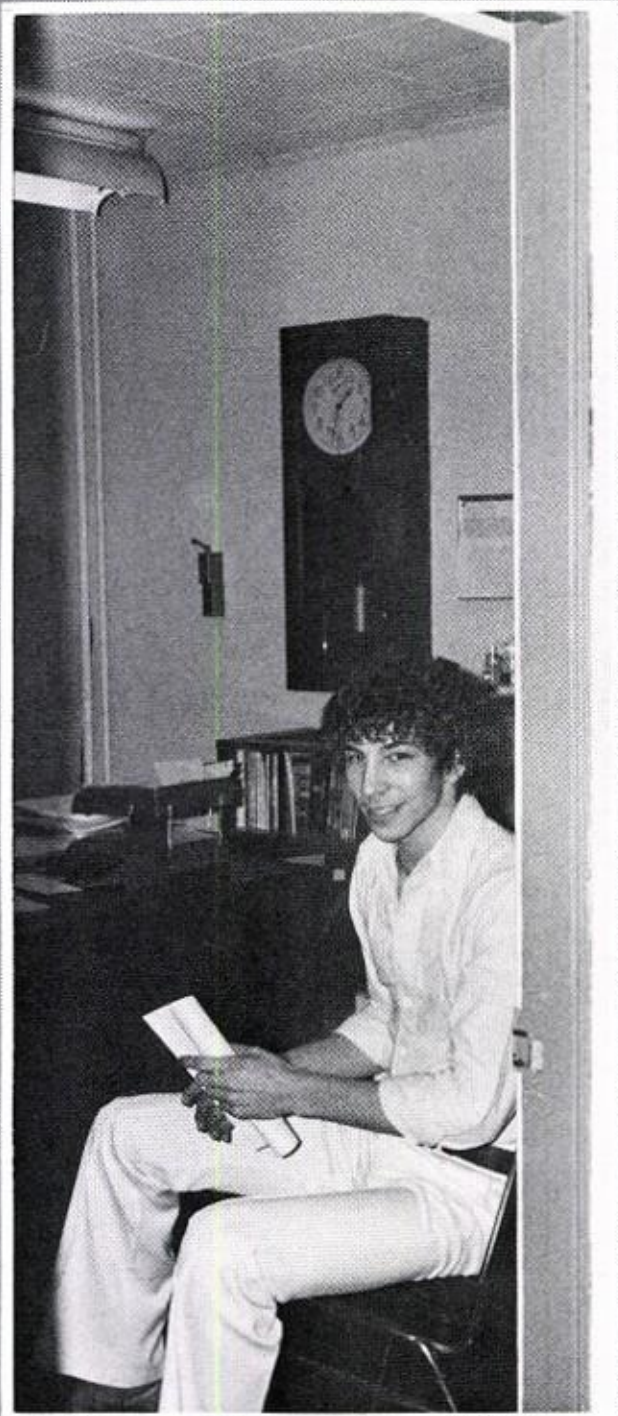

A special Christmas Mass was planned and put on by students. The choir gave their renditions of several well-loved carols.

After a week of mysterious presents and tons of candy "Kris Kringles" came face to face with each other at the gift-exchange. Looks of surprise turned to delight as students and faculty discovered each other and opened their presents.

The theme of the Christmas dance was "le Temps de joie" or "time of joy". The band, Incubus, provided the music, the cafeteria provided the space and the festive atmosphere was provided by everyone present.

L.M.C. HIGH SCHOOL PRESENTS

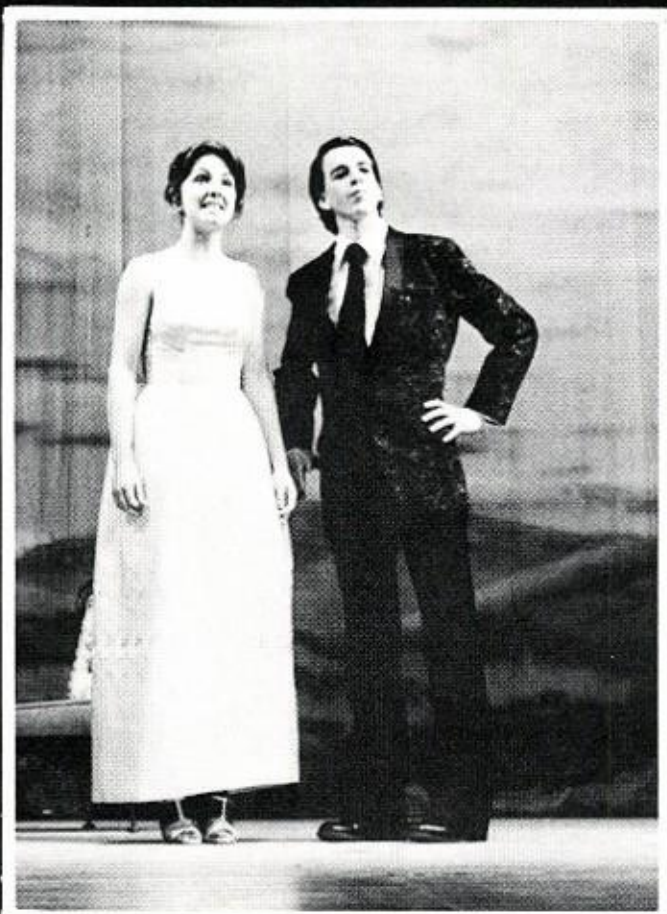

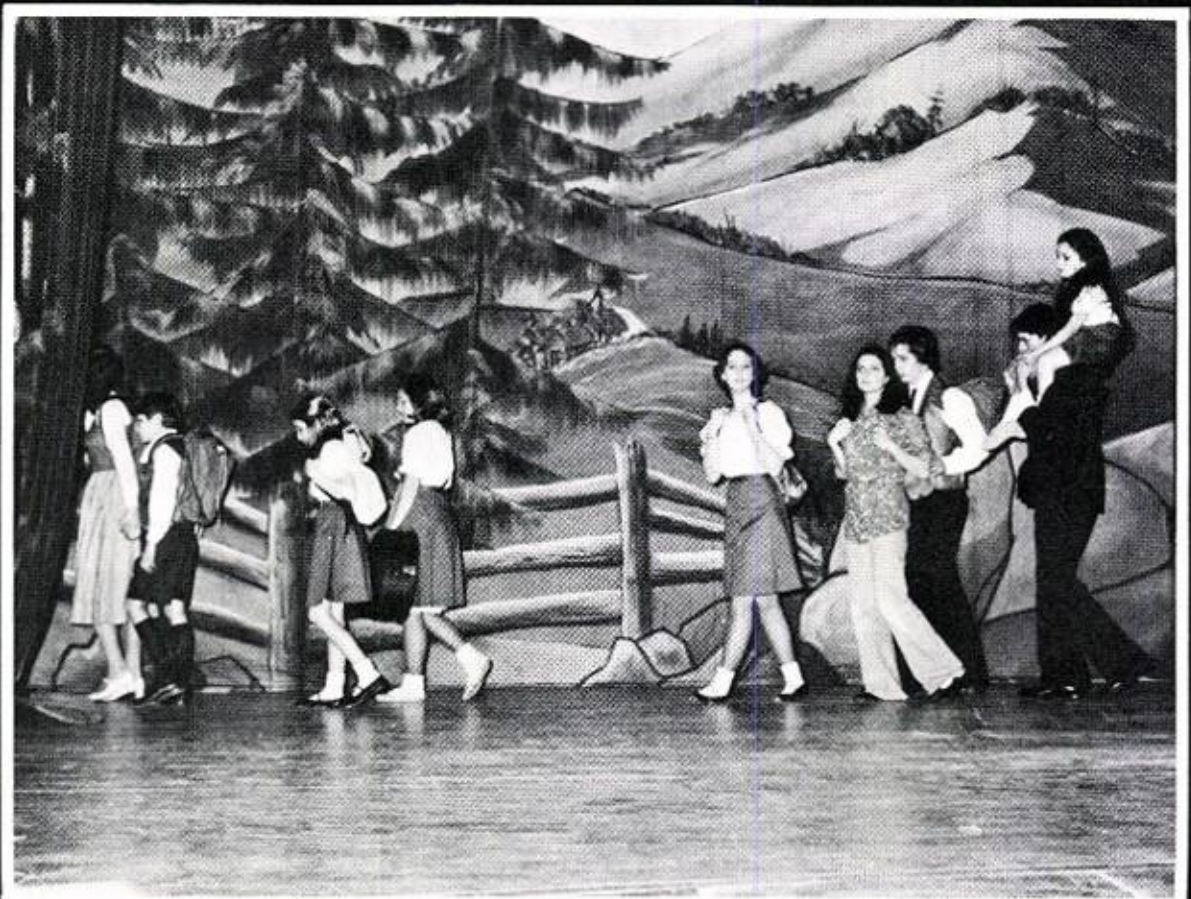

On March 5 and 6, the LMCHS Drama and Music Depts. presented the Rodgers and Hammerstein musical "The Sound of Music". The show was presented in the St. Joseph High School Auditorium.

Under the direction of Mrs. Margaret Howard, the cast and crew performed to near sell-out crowds both nights. The overwhelming response from the audiences proved to help make the show a success.

The credit for success goes not only to the audiences, but to the hard work from all of the people backstage, the Nun's chorus, the help from all of the advisors, and the boosting of morale from the 3 little kids, Kurt, Kathy, and Maria.

We would like to give special congratulations to Mr. Don Kometz, the music coordinator for the show. With this being his first musical at LMCHS, his musical creativity and inspiration were beneficial to the show as well.

SPRING

YOU'RE A GOOD MAN CHARLIE BROWN

FASHIONS

Although LMCHS is no SEVENTEEN MAGAZINE, we had some of our own fashion trends this year.

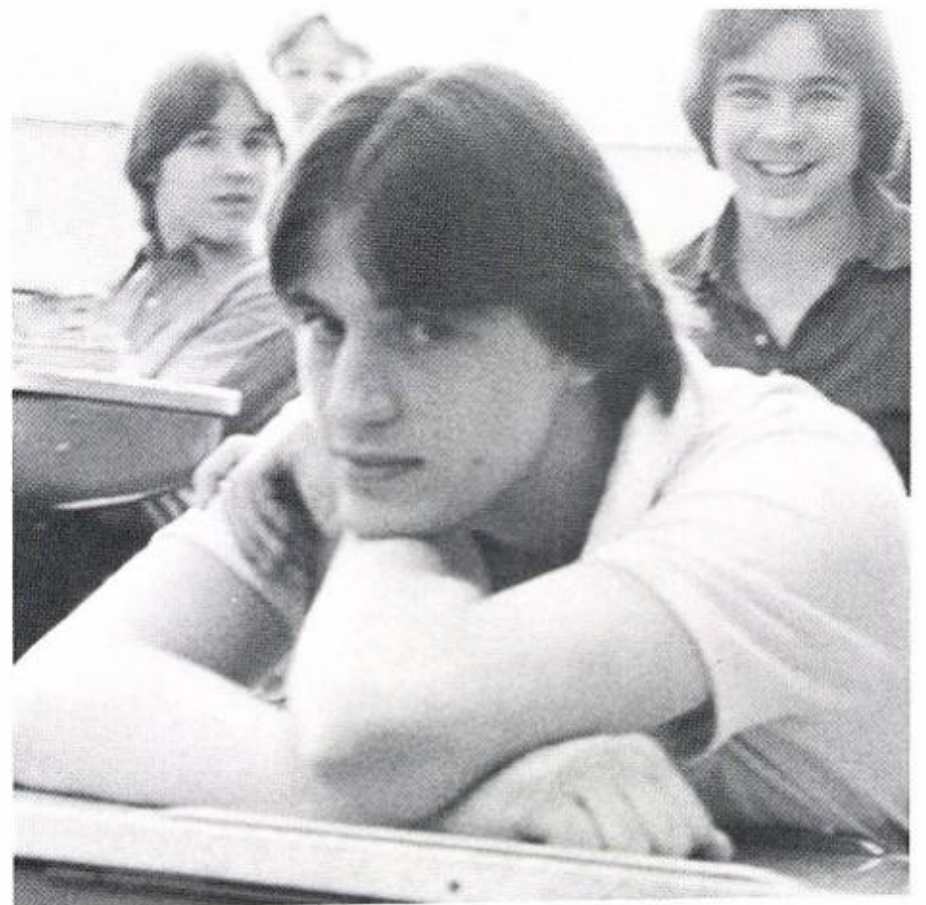

In the fall, we saw shades of gacho pants, in all colours, plaids, and prints. Nearly every Friday was a show to see who had gotten a new pair, while trying not to get caught if it wasn't a non-uniform day.

All year round, denim skirts and black pants were very popular. Along with the skirts, silk shirts and denim vests were right in there with them. The black pants everybody had were just one of the many signs of class our school has.

Then spring came along with all of its brightness and cheerful feelings. These feelings were expressed in the different array of striped, capped sleeve T-shirts, and the various spring fashions.

And let's not forget the painter's pants. They were here too.

After a long, cold winter, it was good to see the Laker tradition of a winning ballclub again. With a discouraging basketball season over, the Varsity Baseball came along in the spring, and ended out their season with a conference record of 12-2, and an overall record of 19-6.

Throughout the season, each player worked hard to improve the team's performance on the diamond. At one point in the season, the Lakers had an 11 game winning streak going. Everyone on the team had a special kind of enthusiasm, which also had a beneficial effect.

At each game, a player was given points for his performance. Those with the highest total were given awards at the end of the season. The players who received the awards were: Ron Maddux for Most Valuable Player, Richard Maxwell for Most Valuable Pitcher, Scott Mucia for the Leading Hitter with an average of .351, and Gary Bartelone for the Tape Award (player with the most injuries.). The Most Improved Player was Phillip Banks.

Looking ahead to the next few seasons, there should be much strength in the Varsity Teams. Congratulations to Coach Gary Boyce who coached his team to such a successful season. May he have many more, and the best of luck to all the players on the team.

SOFTBALL '77

The 1977 Laker Girls' Softball team compiled a record of 11 wins and 3 losses in the conference, and 11 wins and 7 losses overall.

One of the people who helped to accomplish the record was pitcher Shelly Schmid. She was the #1 pitcher on the team and finished the season with a 9-6 personal record.

Three members of the team were elected to the Red Arrow All-Conference team. These girls were Shelly Schmid-pitcher, Carol Lomonaco- 1st base, Moe McCrone-center field.

LAKERS AT THE NET

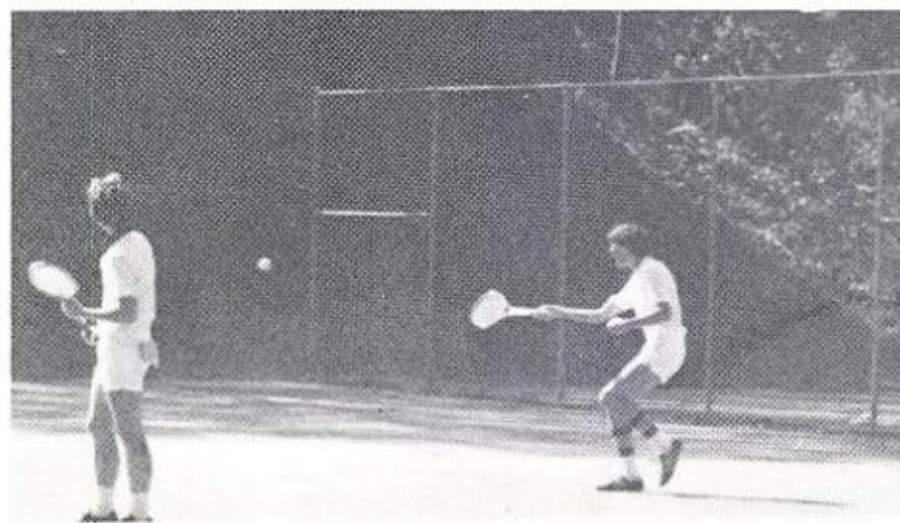

The Tennis team of LMCHS. We have a tennis team? Yes we do, and they're not hard to recognise. They're the ones in the expensive looking tennis outfits, with sun visors on their heads, chasing a tennis ball down the hall.

But seriously, the Tennis team had an outstanding season this year, with a season record of 4 wins and 5 losses, and an undefeated record in the conference. One member of the team, Freshman Pete Henderson was voted the most valuable player. He compiled a personal record of 7-1. With him being a Freshman, we hope to get a few more good years (and matches) out of him in the next 3 years.

Everyone on the team did their best to give the Laker Tennis Team a good name. Dan O'Connell was one who did this fairly well as he was voted the most improved player. We hope that we will have some good seasons in the future, and good luck to all the players.

Laker Tennis. L. to R.- Coach Dot Smith, Tony Monte, Greg Weichhand, Larry Podgan, Craig Merdian, John Postelli. Other members not pictured: Brian Conybeare, Bruce Conybeare, Dan O'Connell, Ann Donahue, Mark Kern, Mike VanArkel, Pete Henderson.

DINNER DANCE '77

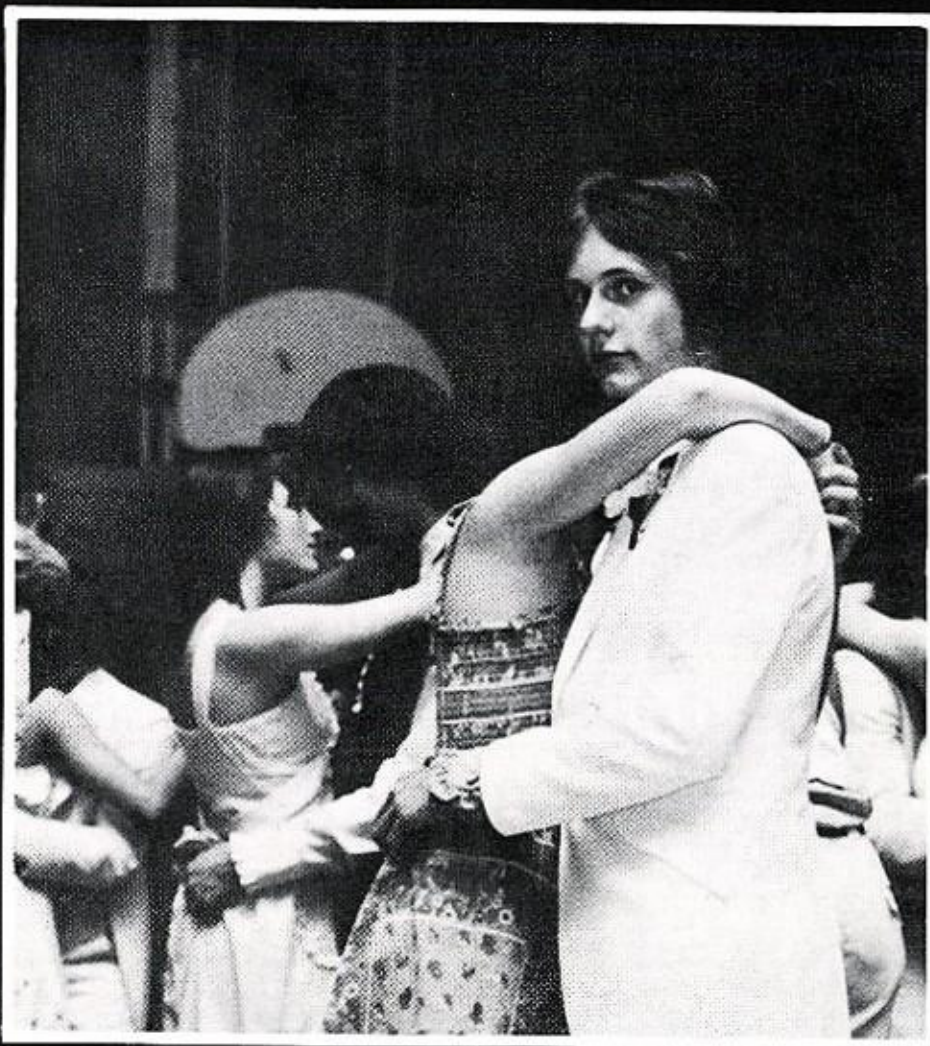

The annual Junior/Senior Dinner Dance was held this year at Lake Michigan College. The band "Sunshine" provided the music for this very enjoyable evening.

This is the day all Juniors and Seniors look forward every year. It is a time to get together with friends, classmates, and teachers to dine, dance, and simply have a good time.

TOMORROW IS NOT SO FAR AWAY

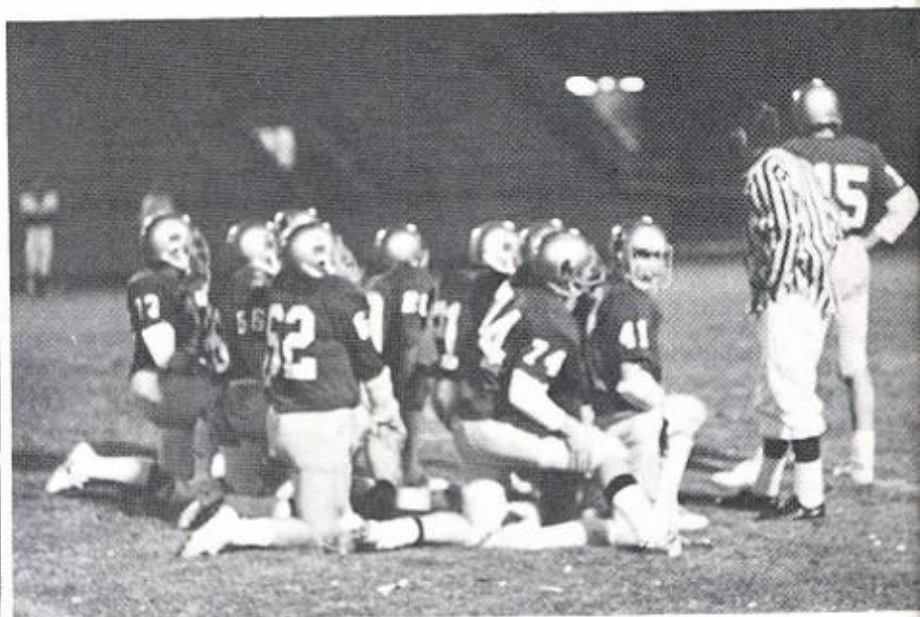

Amidst all childhood dreams comes reality. It hits hardest when you are standing before your parents and peers and they hand you that little piece of paper that says you're an adult now.

The time your eyes met you-know-who's, all the football, basketball, and baseball games, ordering a class ring, and your first prom all become memories.

All these things come to an end on Graduation Day. But graduating is also a beginning. To new friends, to new activities, and to a new you!

This is just the ending . . . but there have been many endings . . . and isn't an ending just a beginning?

To Dori,

You're a good friend, as much as you are a part of the whole family. I really am glad you & Jeff are going together. Just think if you didn't call Jeff every morning to get him up, he wouldn't be able to get up.

You're a sweet friend & never change. I don't think Jeff would like that very much! Good luck in the future, especially if it includes Jeff! (HA, HA) Thanks for the gum!

Love,

Karen (the sister of
your best
boyfriend)

AUTOGRAPHS

Time's actually been short, love, when compared with eternity. We are but gameplayers in the universal game. There are some destined to be queens, others will remain pawns. Yet pawns can move up, slowly, slyly, and become anything from a knight to a queen. Knights are lovely pieces, with their sideways dance quite unlike any other. Only a knight can sneak up sideways on royalty, and dancing scatter them off the board. They are free, yet rigidly controlled, limited. Avoid bishops, for in their sweeping diagonal approaches they avoid beautiful plots on either side of their paths - which are the longest. Likewise are the powerful rooks obtuse. Ah, royalty, for ever on guard or in check. The king is chained to his tiny radius of squares, whereas the queen swoops, like a harpy, across the path of all but knights. Yet it is the pawns, tiny creatures, tenaciously sneaking, quick - slip off to one side and strike down even a mighty queen. Yes, it is the seemingly helpless pawns that hold the greatest ambitions! Thus, my dear, look to the knights and learn from the pawn that you might be a queen.

Love,
Shannon

Dory -

We have been through a lot together from parties at Jeff's beach to talking about boyfriends. You have always been there when I need someone to talk to and confide in. I will never forget going to your cottage and to the fair and that night the tent fell down onto top of me when you got out. I remember spending the week at your house and you went to work and I found blood all over the bathroom. And got scared out of my mind. Remember graduation and all the parties and Dennis' seat in here station wagon. And playing badminton at Gary's house. Never forget when we went to the beach and had a talk about everyone and anything and just to have a good cry you still are the only one I can really cry in front of. I love you for that. Well soon we will be graduated and off to college for some of us others have families to take care of and still others don't know what they are going to do. So best of luck in whatever you do and remember I am always here to help in any way.

Love,
Jimmy "82" "bots"

Dory-

Well - believable or not - we made it. You've helped make my high school years - well interesting!!! We've done a lot of things together but the best one was Jeff playing with trains & Jeff's party. I'll never forget any of the good times (especially whenever I think of Oct. 19 T.J.S.) Always remember to believe that what's right for one is not necessarily right for another. Trust in God and you'll make it ~~western~~ ^{western} it's going to college or getting married to Jeff and playing with his trains.

Good luck now & always.
love.

Dori
So a really
nice girl that
I enjoy having around.
You are one of the few people
that I think could be told
something and not have it come
out later on to hurt that person.

You're really a great friend to
have and I hope that we may

remain as such for a
long time. Good luck

may reach all your
goals. Say, you
always Okay?

P.S. Thanks for the back rub!
(nudge, nudge)

I'm glad I got to know you a little
but better this year. But what I do
know of you is that you are a sweet person
with the always remember as one of
my high school friends. I think back
about everything and everyone. As long
as you stay as sweet and
as well as you are the
sure will always share
where ever you are and
will be there.

Dory,

you and I have been best friends for

you and I will have to keep in touch when
you & I go off to good ole college. What fun
we will have to go out some time & get

on your birthday. (Big 18) party time. We should
go camping more often. right?!
